Why you should Join?

Boy Scouting is a program that teaches today's youth leadership, independence, and outdoor skills that will benefit them throughout life.

Experienced Scouts teach younger Scouts the skills and knowledge they have learned.

What we do?

Go on awesome camping adventures every month! You will meet new people and do things you would have never done if you weren't in scouting, like bobsleighbing, cave exploring, and white water rafting. Achieve the prestigious rank of Eagle Scout and feel honored you left your mark on your community.
