

Dear Parent/Guardian(s),

As educators, we value your partnership. Below are resources available to assist your child mathematically.

The first resource you can use at home is the Zearn website. To access Zearn, visit [www.zearn.org](http://www.zearn.org). Have your child enter their username and password. (This information has been provided to your child.) Each Zearn lesson correlates with a Eureka lesson. For example, if in class, your child is working from Module 1: Lesson 3; the Zearn lesson would be Mission 1: Lesson 3. The on-line lesson provides a tutorial as well as an interactive experience to assist in the learning of the skill.

Another resource to visit is [www.greatminds.org](http://www.greatminds.org).

### GETTING STARTED
