

Asking to Use the Bathroom

Sometimes during school I have to go to the bathroom. This is normal, and when I feel the need to go there are a few steps that I should follow. First of all, I need to raise my hand and ask my teacher for permission. I will wait quietly for the teacher to call on me, and then simply ask them if I can use the bathroom. When I ask, I need to remember to just use my words. My hands can stay on my desk, or at my side, but they should not go onto my pants. I know that sometimes when I am in school that I will have to use the bathroom and that is ok. I just need to remember to raise my hand, wait to be called on, use my words to ask for permission and keep my hands off of my pants. If I do this, my teachers and classmates will be happy.
