IMPORTANT UPCOMING DATES:

Our Learning This Week:

Reading: This week, students have been continuing on working on how to read aloud like an expert. They have been doing this by figure out how books are organized, how to study books like a writer, explain and think about keywords, and use drama to bring a topic to life! They have been practicing these skills by reading to partners to show their partners how they can read with expression.

Writing: Our all about books are coming close to an end! Students have been enjoying writing something they know all about! Next week, we will wrap up all about writing and start a new unit!

Math: This week, we finished our module 2 unit on subtraction and took our end module 2 assessments. These will be going home at the end of next week. Next week, we will begin module 3, which is a unit on measurement.
