

Writing Homework

Please write in your writing notebooks at least once a week. I expect at least 5 sentences of writing. You are more than welcome to have your child write more often. Homework is due by Wednesday but can be turned in earlier if you want.

There are several different types of writing that we cover in first grade. All writing should include the following:

- Remember spell your “No Excuse” and “Sight” words correctly and stretch out sounds for the more challenging words. **Say it, Slide it, Hear it, Write it, or listen for little words inside!**
- Apply all of your Words Their Way sorts in your writing
- Look over your writing and see if you can add to the words.
- Reread your writing and check for capital letters (and lowercase letters), ending marks, does it make sense
